

SOLID WASTE FACILITY PERMIT

Facility Number:

50-AA-0015

12. Legal Description of Facility:

APN 3-10-20, a portion of Sections 29 and 32, T2S, R8E and MDBM

13. Findings:

- a. This permit is consistent with the Stanislaus County Integrated Waste Management Plan, which was approved by CalRecycle (formerly the CIWMB) in June, 1992. The location of the facility is identified in the Non-Disposal Facility Element (NDFE), pursuant to the Public Resources Code, Section 50001(a).
- b. This permit is consistent with the standards adopted by CalRecycle, pursuant to PRC 44010.
- c. The design and operation of the facility is consistent with the State Minimum Standards for Solid Waste Handling and Disposal as determined by the enforcement agency, pursuant to PRC 44009.
- d. The Stanislaus County and Salida Fire Departments have determined that the facility is in conformance with applicable fire standards, pursuant to PRC 44151.
- e. Negative Declarations were filed with the State Clearinghouse (SCH # 92022013 and 93102003) in March 1992 and October 1993. Notice of Determinations were filed with the State Clearinghouse on May 20, 1992 and January 18, 1994.

14. Prohibitions:

The permittee is prohibited from accepting the following wastes: painted wood, treated wood, non-hazardous industrial waste, dead animals, septic tank pumping, grease trap pumping, powders, or other unacceptable wastes/materials (e.g. glass, concrete, plastics, metal, asphalt, paper, etc.), except as identified in the Report of Facility Information and approved amendments thereto and as approved by the enforcement agency.

15. The following documents describe and/or restrict the operation of this facility:

	Date		Date
Report of Composting Site Information & OIMP (Appendix B)	10/2011	Negative Declaration (SCH # 92022013 & 93102003)	3/92 & 10/93
Conditional Use Permit (CUP) 92-01 and 93-33	5/92 & 12/93	APCD Permit to Operate	Renewed annually

SOLID WASTE FACILITY PERMIT

Facility Number:

50-AA-0015

16. Self Monitoring:

The owner/operator shall submit the results of all self-monitoring programs to the Enforcement Agency within 30 days of the end of the reporting period (*for example, 1st quarter = January – March, the report is due by April 30, etc.. Information required on an annual basis shall be submitted with the 4th quarter monitoring report, unless otherwise stated.*)

Program	Reporting Frequency
a. The types and quantities (in tons) of waste, including separated or commingled recyclables, entering the facility per day.	Monthly
b. The number and types of vehicles using the facility per day.	Monthly
c. Results of the hazardous waste load checking program, including the quantities and types of hazardous wastes, medical wastes or otherwise prohibited wastes found in the waste stream and the disposition of these materials.	Monthly
d. Notification to the enforcement agency via telephone or electronic mail of any special occurrences, such as fires, explosions, earthquakes, significant injuries, accidents or property damage, and all measures taken to address the incident.	Within 24 hours of the Event
e. Notification to the enforcement agency via telephone or electronic mail of any verbal or written complaint regarding this facility and the operator's actions taken to resolve the complaint.	Within 24 hours of the Complaint

SOLID WASTE FACILITY PERMIT

Facility Number:

50-AA-0015

17. Enforcement Agency (EA) Conditions:

- a. The operator shall comply with all applicable State Minimum Standards and other requirements for compostable materials handling activities as specified in Title 14 CCR, Chapter 3.1 Division 7.
- b. The operator shall maintain a daily log of special/unusual occurrences. This log shall include, but is not limited to, operational shutdowns, fires, explosions, the discharge and disposition of hazardous or unpermitted wastes, and significant injuries, accidents or property damage. Each special/unusual log entry shall be accompanied by a summary of any actions taken by the operator to mitigate the occurrence. The log shall be available to site personnel and the EA during operating hours.
- c. All loads entering the facility shall undergo load checking in a manner that meets the approval of the EA. Trained load checkers shall be on-site to verify that received loads do not contain prohibited wastes. Operator shall keep records of training and load checks performed to meet the requirements.
- d. Additional information concerning the design and operation of the facility shall be furnished to the EA upon request and within the time frame specified by the EA.
- e. The maximum permitted daily tonnage for this facility is 125 tons per day (tpd) average, calculated on a calendar month basis, with a daily peak not to exceed 250 tpd, and shall not receive more than this amount without a revision of this permit.
- f. For sufficient cause, the EA may suspend, revoke or revise this permit..
- g. Any change that would cause the design or operation of the facility not to conform to the terms and conditions of this permit is prohibited. Such a change may be considered a significant change, requiring a permit revision. In no case shall the operator implement any change without first submitting a written notice of the proposed change, in the form of an RFI amendment, to the EA at least 180 days in advance of the change.
- h. A copy of this permit and Report of Compost Site Information, including the Odor Impact Minimization Plan, shall be maintained at the facility and readily available to site personnel and the EA upon request.
- i. The permittee is prohibited from allowing excessive amounts of standing water around the windrows.
- j. Scavenging is prohibited.
